

Start	End			
		<b>Sunday, April 18, 2010</b>		
		<b>Opening Ceremony</b>		
		<b>Monday, April 19, 2010</b>		
07:00	08:30	<b>Registration</b>		
		<b>Session 1: A1</b>		
08:30	09:00	<b>Keynote Speech by Dr. J. F. Barker</b>	<b>Location</b>	
09:00	09:30	<b>Keynote Speech by Mr. John E. Hofmann</b>	<b>Location</b>	
09:30	10:00	<b>Tea-Coffee Break (Location to be mentioned here)</b>		
10:00	12:00	<b>Session 1B1 Air Quality-Emissions and Control</b> <i>(location i.e. hall name or number to be mentioned here)</i>	<b>Session 1B2 Waste Management-Session A</b> <i>(location i.e. hall name or number to be mentioned here)</i>	<b>Session 2B3 Ground Water Investigation &amp; Remediation-Session A</b> <i>(location i.e. hall name or number to be mentioned here)</i>
12:00	13:30	<b>Lunch Break (Location to be mentioned here)</b>		
13:30	14:50	<b>Session 1C1 Air Quality-Modeling and Monitoring</b> <i>(location i.e. hall name or number to be mentioned here)</i>	<b>Session 1C2 Waste Management-Session B</b> <i>(location i.e. hall name or number to be mentioned here)</i>	<b>Session 1C3 Ground Water Investigation &amp; Remediation-Session B</b> <i>(location i.e. hall name or number to be mentioned here)</i>
14:50	15:10	<b>Tea-Coffee Break (Location to be mentioned here)</b>		
15:10	16:10	<b>Session 1D1 Waste Water-Session A</b> <i>(location i.e. hall name or number to be mentioned here)</i>	<b>Session 1D2 Remediation Session</b> <i>(location i.e. hall name or number to be mentioned here)</i>	<b>Session 1D3</b>

**Monday, 19 April 2010**

**Session 1A**

**Session Chairman: To be determined**

Time	Speaker	Affiliation	Title of the paper
8:30	Prof. J. F. Barker	University of Waterloo, Canada	To be determined
9:00	John E. Hofmann	President and CEO – Trinity Consultants, Inc , USA	Regulatory Developments in Greenhouse Gas Reductions

**Poster Session, Exhibit, and Coffee break - 9:30- 10:00**

**Session 1B1**

**Air Quality-Emissions and Control**

**Session Chairman: To be determined**

Time	Speaker	Affiliation	Title of the paper
10:00	Francisco J. Estevez	Saudi Aramco, Saudi Arabia	Mercury in Gas Operations: An Occupational Health Risk Assessment
10:20	Mohamed Ghanayem	KJO, Saudi Arabia	Assessment of Indoor Air Quality at an O&G E&P Facilities, a Case Study: Khafji Joint Operations
10:40	Atallah M. Al-Anazi	Saudi Aramco, Saudi Arabia	Volatile Organic Compounds (VOCs) Emissions Control
11:00	Audrey Mascarenhas	Questor Technology Inc, Canada	Clearing the Air - Safely and Efficiently
11:20	Adel J. Al-Khalifah	Saudi Electricity, Saudi Arabia	Promoting Air Emissions Control on Power Plants

**Session 1B2**

**Waste Management-Session A**

**Session Chairman: Ramzi Hejazi**

Time	Speaker	Affiliation	Title of the paper
10:00	Ken E. De Berry, Jr.	Brite Water International	Challenging Oil Field Emulsions: Liability or Asset?
10:20	Ajay Singh & Bill Mullin	International Compliance Services	Biological Process, with a Low Carbon Footprint, Recovers Oil from Oily Wastes

		Ltd, Canada	
10:40	Saleh Y Qahtani	Saudi Aramco, Saudi Arabia	Saudi Aramco Hazardous Materials Management
11:00	Maurizio F. Giabbai et al.	Khusheim Company, Chemical Division, Saudi Arabia	Economical and Sustainable Waste Treatment Technology for Recovery of Valuable Resources from Refinery, Oil Exploration and Oil Storage Waste Streams
11:20	Tamim Al-Buraikan	Saudi Aramco, Saudi Arabia	SAP EH&S-Waste Manifesting Experience in Saudi Aramco
11:40	Hassanzadeh H. Hassan & Ahmadi Omolbanin	Islamic Azad University, Iran	Agricultural Pollutants and Their Biological Impact on Biota in the North of Iran

### Session 1B3

#### Ground Water Investigation & Remediation-Session A

#### Session Chairman: Phil Reed

Time	Speaker	Affiliation	Title of the paper
10:00	Mansor A. Kashir	Saudi Aramco, Saudi Arabia	Groundwater Vulnerability and Monitoring at Saudi Aramco Oil Facilities
10:20	Ali Al-Shamrani et al.	Saudi Aramco & Shimizu Corporation Institute of Technology	CO2 Soil Gas Survey Method for Identification of Hydrocarbon Contamination
10:40	Martin Chapple	URS Saudi Arabian Dames & Moore, Saudi Arabia	The Conceptual Site Model – A Process, not an Event
11:00	Rick McGregor & Raed Al-Atrash	Vertex Environmental	Advances in the Remediation of Petroleum Hydrocarbon Impacted Groundwater

### Lunch Break 12:00 – 13:30

### Session 1C1

#### Air Quality - Modeling and Monitoring

#### Session Chairman: To be determined

Time	Speaker	Affiliation	Title of the paper
13:30	J. Wayne Boulton et al.	RWDI, UAE	Operational Air Quality Forecasting for the Oil & Gas Industry – New Technologies

**Tentative Technical Program EnviroArabia 2010**  
**18-21 April 2010**  
**Gulf Hotel, Kingdom of Bahrain**

13:50	Dr. Shyam Singh	Saudi Arabian Dames & Moore, Saudi Arabia	The Cost Effective Design Of Chimney Stacks
14:10	Willard J. Smith	W.J.S. Contracting Services, LLC, Saudi Arabia	Advantages & Benefits of Using Open-Path Differential Optical Adsorption Spectroscopy (DOAS) In Ambient Air & Source Emission Monitoring Programs
14:30	Jeff R. Lundgren & J. Wayne Boulton	RWDI, Canada & UAE (respectively)	Numerical Weather Prediction in Support of Air Quality Modeling – International Case Studies

**Session 1C2**

**Waste Management–Session B**

**Session Chairman: Ramzi Hejazi**

Time	Speaker	Affiliation	Title of the paper
13:30	Abdul M. Al-Mahmood & Rehan Ahmed	Public Commission for the Protection of Marine Resources, Environment and Wildlife, Bahrain'	Meeting the Challenge of Healthcare Waste Management in Bahrain
13:50	Mohammad N. Siddiqui & Mohammad A.Gondal	KFUPM, Saudi Arabia	Managing Waste Plastic by Tertiary Recycling Process
14:10	Mahmoud Riad	Lead Consultant, Waste Management Services, Saudi Arabia	The Forgotten 'Soft Components' in SWM in the Gulf Countries
14:30	Maryam Abbasi	Environmental faculty, university of Tehran, Iran	Waste Recovery in Petrochemical Economic Special Zone

**Session 1C3**

**Ground Water Investigation & Remediation: Session B**

**Session Chairman: Dr. Namir Najjar**

Time	Speaker	Affiliation	Title of the paper
13:30	Humoud W. Al Utaibi	Saudi Aramco, Saudi Arabia	“Investigating Bias of Volatile Organic Compounds (VOCs) Associated with Methods Commonly Used for Groundwater Sampling”
13:50	Mazen Adib	URS Corporation, Saudi Arabia	Soil And Groundwater Contamination Assessment in Saudi Arabia from a Practitioner Perspective
14:10	Rick G. McGregor and Bruce Tunnicliffe	Vertex Environmental	Treatment of MTBE in Groundwater Using Chemical Oxidation and Enhanced Bioremediation
14:30	Joseph Sebastian Paimpillil	Center for Earth Research and	Climate impacts on Coastal Aquifer, Ground Water Fluxes and on Coastal Nutrient Dynamics

Environment  
Management, India

## Poster Session, Exhibit, and Coffee break 14:50 – 15:10

### Session 1D1

#### Waste Water -Session A

#### Session Chairman: Dr. Gulnur Jasim

Time	Speaker	Affiliation	Title of the paper
15:10	Kamarul A Amminudin	Saudi Aramco, Saudi Arabia	Pollution Prevention in a process plant – a case of applying optimization tool to identify practical and cost effective opportunities for water conservation
15:30	Bushra Mohammed Ahmed et al.	KFUPM, Saudi Arabia	Hindrance of Phenol Degradation in Electrochemical Oxidation Process
15:50	Dr. Bassam S. Tawabini et al.	KFUPM, Saudi Arabia	Assessing the Usage of Locally Produced Carbon Nanotubes (CNTs) In Treating Water Contaminated with Mercuy
16:10	Dr. Nabil Abuzaid	KJO, Saudi Arabia	Treatment of Phenolic Wastewater Using Graphite Anodes

### Session 1D2

#### Remediation Session

#### Session Chairman: To be determined

Time	Speaker	Affiliation	Title of the paper
15:10	Riccardo Giovannini	RGA, Italy	Information system for the management of contaminations (GIS.CO)
15:30	Erum N. Shoeb et al.	University of Karachi, Pakistan	Overproduction of Flagellin Protein in Presence of Nickel Identified in Bacillus Cereus
15:50	alsayadi muneer	Ibb university, Yemen	The Effects of Probiotic Bacteria in Cholesterol in-Vitro
16:10	Abdulah El-Hishir et al.	Tripoli, Libya	CFD Modeling of Oil Spreading in Soil Due to Accidental Leakage Iin Oil Transport Pipe

Start	End			
		<b>Tuesday, April 20, 2010</b>		
07:00	08:30	<b>Registration</b>		
		<b>Session 2: A1</b>		
08:30	09:00	<b>Keynote Speech by Prof. George Kallos</b>	Location	
09:00	09:30	<b>Keynote Speech by Prof. Charles Sheppard</b>	Location	
09:00	10:00	<b>Tea-Coffee Break (Location to be mentioned here)</b>		
10:00	12:00	<b>Session 2B1 Environmental Management- Session A</b>  <i>(location i.e. hall name or number to be mentioned here)</i>	<b>Session 2B2 Marine Resources</b>  <i>(location i.e. hall name or number to be mentioned here)</i>	<b>Session 2B3 Naturally Occurring Radioactive Materials (NORM)</b>  <i>(location i.e. hall name or number to be mentioned here)</i>
12:00	13:30	<b>Lunch Break (Location to be mentioned here)</b>		
13:30	14:50	<b>Session 2C1 Environmental Management – Session B</b>  <i>(location i.e. hall name or number to be mentioned here)</i>	<b>Session 2C2 Marine Monitoring</b>  <i>(location i.e. hall name or number to be mentioned here)</i>	<b>Session 2C3 Waste Water-Session B</b>  <i>(location i.e. hall name or number to be mentioned here)</i>
14:50	15:10	<b>Tea-Coffee Break (Location to be mentioned here)</b>		
15:10	16:10	<b>Session 2D1 Environmental Management – Session C</b>  <i>(location i.e. hall name or number to be mentioned here)</i>	<b>Session 2D2 Marine Remediation</b>  <i>(location i.e. hall name or number to be mentioned here)</i>	<b>Session 3D3</b>  <i>(location i.e. hall name or number to be mentioned here)</i>

## Session 2A1

Session Chairman: To be determined

Time	Speaker	Affiliation	Title of the paper
8:30	Prof. George Kallos	University of Athens	Modeling Aerosol-Radiation-Cloud And Precipitation Processes
9:00	Prof. Charles Sheppard	University of Warwick, UK.	The Gulf: a Young Sea in Decline

## Poster Session, Exhibit, and Coffee break - 9:30- 10:00

## Session 2B1

### Environmental Management – Session A

Session Chairman: To be determined

Time	Speaker	Affiliation	Title of the paper
10:00	Abdullah Mofarrah and Tahir Husain	St. John's, NL, A1B 3X5 Canada	Decision Support System for Quantitative Environmental Impact Assessment: A Fuzzy Logic-based approach
10:20	Hungming (Sue) Sung & Adam Williams	Trinity Consultant, USA	Data Integration and Averaging Application For Environmental Compliance
10:40	Rachelle Bissett-Amess	AES International, Saudi Arabia	Improving Business Performance in Tough Economic Times Through 'Greening'
11:00	Dr. Ali I. Safa	Lebanese University, Lebanon	Environment Issues In Lebanon Costly To Ignore Costly To Control
11:20	Tasneem Abbasi & S.A. Abbasi	Pondicherry University, India	Environmental Impact of Biomass Energy Production and Utilization.

## Session 2B2

### Marine Resources

Session Chairman: To be determined

Time	Speaker	Affiliation	Title of the paper
10:00	Jassim A. Al-Khayat	University of Qatar, Qatar	Natural and Planted Mangrove as As Fish Nursery Habitats, Qatar, Arabian Gulf
10:20	Mohammad B. Qurban et al.	KFUPM, Saudi Arabia	Factors influencing the spatial and temporal distribution of surface phytoplankton in the English channel and bay of Biscay in 2003 and 2004.

10:40	Abdurahiman K.P et al.	KFUPM, Saudi Arabia	Trawling survey to assess the distribution pattern and abundance of green tiger prawn, <i>Penaeus semisulcatus</i> (De Haan, 1844) from Manifa Bay, Saudi Arabia
11:00	Krishnakumar P. K. et al.	KFUPM, Saudi Arabia	Diversity of coral reef fish assemblages from the western Arabian Gulf (Saudi Arabia)
11:20	M. M. Ibrahim and A. AL Zaharany	Ministry of Agriculture, Saudi Arabia	A preliminary study on vertebral deformities in some marine fish from water of the Arabian Gulf at Jubial province , Saudi Arabia
11:40	Laith A. Jawad et al.	Ministry of Fisheries Wealth, Oman	Absence of pterygiophores supporting dorsal and anal fins in the silver pomfrets, <i>Pampus argenteus</i> (Euphrasen, 1788) collected in the Omani coasts of the Arabian Gulf

### Session 2B3

#### Naturally Occurring Radioactive Materials (NORM)

#### Session Chairman: Dr. Rafat M Nassar

Time	Speaker	Affiliation	Title of the paper
10:00	Prof. Dr. Falah Abu-Jarad	SPSS, Saudi Arabia	SPSS Norm and Radiation Safety Services
10:20	Prof. Dr. Falah Abu-Jarad	SPSS, Saudi Arabia	Qualification and Training of Radiation Workers and Radiation Safety Officers for Radiation Safety
10:40	F. Z. Khiari & A. A. Naqvi	KFUPM, Saudi Arabia	Detection of Soil Contamination by Petroleum Hydrocarbons using in situ neutron-based techniques: A Model-based Study
11:00	Dr. A. A. Naqvi et al.	KFUPM, Saudi Arabia	A Prompt Gamma Facility for Water salinity measurements

### Lunch Break 1200- 13:30

### Session 2C1

#### Environmental Management – Session B

#### Session Chairman: To be determined

Time	Speaker	Affiliation	Title of the paper
13:30	Mai Abu- Tarbush et al.	Amman, Jordan	Jordan Petroleum Refinery: Pollution Prevention Assessment and ISO 14001 EMS Implementation
13:50	Hisham I. Al-Shuwaikhat	Saudi Aramco, Saudi Arabia	Effective HSE Management System in the Southern Area Production Engineering Department in Saudi Aramco: A Key Factor for Admirable Generations and Oil Operations

**Tentative Technical Program EnviroArabia 2010**  
**18-21 April 2010**  
**Gulf Hotel, Kingdom of Bahrain**

14:10	S. Rana	Environmental Consulting, Phoenix, AZ 85028 USA	Advances in Oil & Gas Technology: Achieving Cost Reduction for Environmental Compliance and Operations
14:30	Dr. Abdul Aldeeb	Siemens, Saudi Arabia	Pressure Relief System Information Management: A Component to an Effective Audit Program

### Session 2C2

#### Marine Monitoring

#### Session Chairman: To be determined

Time	Speaker	Affiliation	Title of the paper
13:30	Dr. Hussein Harahsheh	Global Scan Technologies, UAE	Operational Oil Spill Monitoring using Satellite imagery and Navigation Radar
13:50	Brendan O'Connor	Aquafact International Services Ltd, Ireland	Sediment Profile Imagery (SPI) an novel and cost effective tool to monitoring the sea floor
14:10	Dr. Basheer Chanbasha	KFUPM, Saudi Arabia	On-Site Analysis Trace Level Organic Pollutants in the Coastal Waters Using Novel Analytical Techniques
14:30	Laith A. Jawad et al.	Ministry of Fisheries Wealth, Oman	Asymmetry in some morphological characters of the carangid species, Decapterus russelli collected from Lema coastal area, north of the Sea of Oman.

### Session 2C3

#### Waste Water - B

#### Session Chairman: To be determined

Time	Speaker	Affiliation	Title of the paper
13:30	Nuhu D. Muazua et al.	KJO, Saudi Arabia	Evaluation of Electrochemical Process Using Boron-Doped Diamond Anode for Mitigating Refineries and Petrochemical Industries Wastewater Pollution
13:50	Mansoor Jehangir et al.	KFUPM, Saudi Arabia	The Potential of Electrooxidation and Electrocoagulation in the treatment of Dairy Industry Wastewater
14:10	M. Elmuntasir Ibrahim Ahmed	University of Khartoum	Hybrid Biological Reactors: an Alternative for Retrofitting Current Produced Water Treatment Ponds
14:30	Dr. Bitu Ayati	Tarbiat Modares University, Iran	Capability of Biodrum RBC in Treating

#### Poster Session, Exhibit, and Coffee break 14:50 – 15:10

### Session 2D1

## Environmental Management – Session C

### Session Chairman: To be determined

Time	Speaker	Affiliation	Title of the paper
15:10	Hungming (Sue) Sung	Trinity Consultant, USA	Environmental Data Management – From Micro to Macro for Environmental Sustainable Development
15:40	Saleh H Sheridi	Saudi Aramco, Saudi Arabia	Implementation of Environmental Management System in a R&D organization
16:00	Ensan El-ayoubi	Saudi Aramco, Saudi Arabia	Winning the President and CEO Environmental Stewardship Award Three Times - What is Next?
16:20	Dr. Ammar Abbachi	Taibah University, KSA	Using probabilistic approach to develop environmental health risk assessment procedures

### Session 2D2

## Marine Remediation

### Session Chairman: To be determined

Time	Speaker	Affiliation	Title of the paper
15:20	Dr. Jehangir Sarker et al.	KFUPM, Saudi Arabia	Application of Steel Making Slag for the Remediation of Polluted Coastal Waters
15:40	Jameela Akhtar & Nuzhat Ahmed	University of Karachi, Pakistan	Characterization of Marine Bacteria Isolated From Coastal Waters for Environmental Pollutants
16:00	Nuzhat Ahmed & Jameela Akhtar	University of Karachi, Pakistan	Marine Bacteria: A Tool for Environmental Bioremediation
16:20	Uzma Badar et al.	University of Karachi, Pakistan	Isolation of Luminescent Bacterial Strains from Sea Organisms and Karachi Coastal Areas

Start	End		
<b>Wednesday, 21 April 2010</b>			
07:00	08:30	<b>Registration</b>	
<b>Session 3: A1</b>			
08:30	09:00	<b>Keynote Speech by Dr. Al-Haber</b>	Location
09:00	09:30	<b>Keynote Speech by Prof. Georgiy Stenchikov</b>	Location
09:30	10:00	<b>Keynote Speech by Jeff C. Muffat</b>	Location
10:10	10:30	<b>Tea-Coffee Break</b> (Location to be mentioned here)	
10:30	12:30	<b>Session: 3 B1</b> <b>Climate Change - Challenges and Opportunities</b> <i>(location i.e. hall name or number to be mentioned here)</i>	<b>Session: 3 B2</b> <b>Marine Impact &amp; Solutions</b> <i>(location i.e. hall name or number to be mentioned here)</i>
12:00	13:30	<b>Lunch Break</b> (Location to be mentioned here)	
13:30	14:50	<b>Wrap-up</b>	
14:50	15:10		
15:10	16:10		

### Session 3A1

Time	Speaker	Affiliation	Title of the paper
8:30	Dr. Al-Haber	UNEP-ROWA	To be determined
9:00	Prof. Georgiy Stenichkov	KAUST, Saudi Arabia	Calculation of Transport, Environmental Effects, and Life Time of Smoke from Strong Fires
9:30	Jeff C. Muffat	President of the Air & Waste Management Association	Trends in the US Regarding Proposed GHG Regulation

### Poster Session, Exhibit, and Coffee break - 9:30- 10:00

### Session 3B1

#### Climate Change - Challenges and Opportunities

#### Session Chairman: To be determined

Time	Speaker	Affiliation	Title of the paper
10:30	Fareed S Al-Asaly	Saudi Aramco, Saudi Arabia	GCC Perspective on International Trade and Environment
10:50	Prof. Ali Bayar	ECOMOD and Free University of Brussels, Belgium	Climate Change, Environmental Policies and the MENA Region
11:10	Tasneem Abbasi & S. A. Abbasi	Pondicherry University, India	Methane capture from phytomass – potential of a global warming amelioration technology
11:30	Andrei Marcu	Mercuria Energy Trading S.A.	An Overview – Climate Change Negotiations and Carbon Markets
11:50	Frank Bernard	Mercuria Energy Trading S.A.	An Update on CDM and Future Perspectives

### Session 3B2

#### Marine Impact & Solutions

#### Session Chairman: To be determined

Time	Speaker	Affiliation	Title of the paper
10:30	Mohamed Ghanayem	KJO, Saudi Arabia	Impacts of Khafji Joint Operations O&G E&P on Sediment Quality
10:50	Dr. Gulnur Jasim	Bahrain	Environmental Impact Assessment of Seawater Desalination Plants

11:10	Mohammad Rasheed et al.	Woods Hole Group Middle East, Saudi Arabia	Experimental degradation of oil in permeable sand from the Gulf of Aqaba, Red Sea
11:30	Eng. Abdalla El-Suleiman	Fairdeal Marine Services LLC, UAE	Regional Reception Facility Supported with Oil Spill Response Capability

## List of Poster Presentations

S #	Name of the speaker	Affiliation	Title of the paper
1.	Moustafa Mohamed El-Gammal	University of Alexandria, Egypt	Predicted Drastic Effects on Lifetime of Marine Structures due to the Universal Global Warming
2.	Mohammad B. Qurban	KFUPM, Saudi Arabia	Role of Man-Made Marine Structures as Beneficial Habitats along the Saudi Gulf Coast
3.	Emad Al-Shafei	Saudi Aramco, Saudi Arabia	On-Site Electrochemical Reactor of Hydrogen Peroxide Generation: A Review
4.	Dr Abdunnaser Etorki	University of Al-Fatah, Tripoli-Libya	Adsorption Study of Metal Ions on Electrochemically Synthesized Poly-(ortho-phenylenediamine)
5.	Dr. Saleh Abotteen	Al Bilad Catalyst Co. Ltd., Saudi Arabia	Address Spent Catalyst Management Challenges by Sound Regeneration and Recycling of Spent Metal Catalysts
6.	Shaden Al-Sheikh	Environmental Engineer	Bioremediation of Oily Polluted Soil Using Microorganisms Products
7.	Laith A. Jawad	Ministry of Fisheries Wealth, Oman	The slender sunfish, <i>Ranzania laevis</i> (Pennant, 1776) in the coastal waters of Gulf of Oman.
8.	Hashim R. Abdol hamid	International Energy & Environment Foundation	Evaluation of Nutrient Enhancement on Bioremediation Process Efficiency for Crude Oil Contaminated Soil at Oilfield: Case Study
9.	Salem	Algiers	Evaluation and treatment of leaded hydrocarbons sludge from storage tanks
10.	Sofian	American University of Sharjah, UAE	Metal Doped into Zeolites to Decontaminate Water Resources from Pesticides
11.	Adel Abdallah Abdel-Ghani	Minia University, Egypt	Methane emissions from ruminants and it's effect on climate changes
12.	Dr Muhammad Ridwaan Gallant	South Africa	The Oil Industry and the Marine Environment: A Challenge to Oil Producing Countries.

13. Muhammed Sayeed	Libyan Petroleum Institute, Libya	Evaporation ponds as alternative technique to dispose Libyan oil fields' produced water
14. Prof. Hossein Ganjidoust	Tarbiat Modares University, Iran	Efficiency of submerged MBR in Treating Refinery Wastewater
15. Ahmed Idris Adewale	International Islamic University Malaysia	Evaluation of the Performance of Faba Bean Seed Extract as Coagulant in Water Clarification
16. Eman Al-Banna	Hyder Consulting Middle East Ltd., Bahrain	Developing a Sustainability Assessment Tool for the Middle East Region
17. Ayman Ahmed Abedallah Elshayeb	Alneelain University, Sudan	The impact of bacteriophages in bacteria removal associated with Soba Stabilization Station efficiency.
18. Clara	Universidad Nacional de Luján, Argentina	Pollution Of The Puelche'S Acuifer In Argentina By Cesspits
19. Ibrahim Kayali	alQuds University, Palestine	Microemulsions containing mixtures of propoxylated sulfates with slightly branched hydrocarbon chains and cationic surfactants with short hydrophobes or PO chains
20. Mohammad Dkhan	Ivanovo State Chemical Technology Universitet, Russia	Model Study of the Process of Treating Waste Water from Formaldehyde Copper-Containing Catalyst for Premises in the Electrochemical Cell
21. Ahmad Khan	Pakistan Wetlands, Pakistan	Impact of oil transportation and fishing on environment of the Makran Coastal Environment
22. Justin Carr & Craig Thackray	Scott Wilson	Environmental monitoring at Diyar Al Muharaq
